

Joint Staff Coordination

SN 1.1.7 Determine the Impact of Meteorology and Oceanography (METOC) on Employment of Nuclear Weapons (Unclassified)

Status: Joint Staff Coordination

Submitting Command: STRATCOM

Task Description: (Unclassified)

To assess METOC (to include space) information and identify impacts to COCOM missions. Perform consequence analysis and consequences of execution for nuclear weapons.

Task Note:

Measures:

Measure Number: M1

Scale: (Unclassified)undefined

Description: (Unclassified)

Hours To provide significant climate and hydrographic assessment products to operational planners.

Measure Number: M2

Scale: (Unclassified)undefined

Description: (Unclassified)

Minutes To display and analyze Consequences of Execution from all CBRNE attacks/incidents world-wide.

Measure Number: M3

Scale: (Unclassified)undefined

Description: (Unclassified)

Ability to coordinate METOC products produced and incorporate this into Command Center Weather Support.

SN 3.3.1.2 Provide Global Strike Capabilities (Unclassified)

Status: Joint Staff Coordination

Submitting Command: STRATCOM

Task Description: (Unclassified)

To provide strategic guidance and commander's intent to all efforts directed at conducting Global Strike operations as defined in the Unified Command Plan. Monitor execution and, when requested, provide direction via collaborative environment or other means, to all joint forces conducting conventional and non-kinetic Global Strike operations.

Task Note: This task also includes command and control forces engaged in executing nuclear Global Strike operations.

Measures:

Measure Number: M1

Scale: (Unclassified)undefined

Description: (Unclassified)

Develop, integrate, and synchronize strategy and plans and advocate mission capabilities.

Measure Number: M2

Scale: (Unclassified)undefined

Description: (Unclassified)

Provide C2 planning and support to other unified commands, as directed.

Measure Number: M3

Scale: (Unclassified)undefined

Description: (Unclassified)

Assess effects of enemy retaliation on friendly forces, basing, and infrastructure.

SN 3.3.4 Apply National Nonlethal Capabilities (Unclassified)

Status: Joint Staff Coordination

Submitting Command: JFCOM

Task Description: (Unclassified)

To apply national nonlethal capabilities, such as information operations [and public affairs \(PA\)](#), to affect, modify, or neutralize strategic-level enemy targets.

Task Note: For the decision to employ strategic firepower as part of a national military strategic plan, see SN 5, Provide Strategic Direction and Integration, SN 5.5, Coordinate Worldwide Information Operations (IO), SN 5.6, Provide Public Affairs (PA) Worldwide, and SN 8.3, Coordinate Military Activities within Interagency Process.

Measures:

Measure Number: M1

Scale: (Unclassified)Percent

Description: (Unclassified)

Of combatant commander's psychological operations (PSYOP) [public communications efforts](#) focused on stabilizing and reinforcing allied forces and host-nation.

Measure Number: M2

Scale: (Unclassified)Percent

Description: (Unclassified)

Of PSYOP efforts beginning within first 1/3 of hours between warning order and seaborne assault landing hour; specific time an operation or exercise begins (H-hour).

Measure Number: M3

Scale: (Unclassified)Percent

Description: (Unclassified)

To provide JCS approval of combatant commander's PSYOP plan.

Measure Number: M4

Scale: (Unclassified)Percent

Description: (Unclassified)

Of all public communication activities (Public Affairs/Information Operations (Psychological Operations) Defense Support to PublicDiplomacy/Civil Affairs, etc.) coordinated and synchronized.

SN 3.3.7 Employ Strategic Nuclear Forces (Unclassified)

Status: Joint Staff Coordination

Submitting Command: STRATCOM

Task Description: (Unclassified)

To employ strategic nuclear forces against enemy targets to instantly or progressively produce the desired effect(s) (deter, destroy, disintegrate, degrade, etc.) on enemy forces. Targets may include national command and control facilities, CBRNE weapon production and delivery systems, warmaking capacity, and economic or political centers of gravity.

Task Note:**Measures:**

Measure Number: M1

Scale: (Unclassified)undefined

Description: (Unclassified)

Monitor and report TLAM-N build up, forces available, position and when ready for execution.

Measure Number: M2

Scale: (Unclassified)undefined

Description: (Unclassified)

Monitor and report B-52 and B-2 generation, forces available, and alert status.

Measure Number: M3

Scale: (Unclassified)undefined

Description: (Unclassified)

Monitor and report ICBM generation, forces available, alert status.

SN 3.4.5 Conduct Strategic Operations Security (Unclassified)

Status: Joint Staff Coordination

Submitting Command: JFCOM

Task Description: (Unclassified)

To take actions to minimize friendly indicators associated with national military strategy.

Task Note: This task supports SN 5.5, "Coordinate Worldwide Information Operations (IO)."[This task includes timely review of all information intended for public release, signal security, \(communications security and electronic security\) and protection of activities \(e.g., patterns\), strategic forces, and facilities from enemy observation and surveillance.](#)

Measures:

Measure Number: M1

Scale: (Unclassified)Percent

Description: (Unclassified)

Of key personnel change timing and route of their routine movements on a weekly basis.

Measure Number: M2

Scale: (Unclassified)Percent

Description: (Unclassified)

Of media reports described close-hold friendly actions.

Measure Number: M3

Scale: (Unclassified)Percent

Description: (Unclassified)

Of movements of critical units or equipment made even though threat reconnaissance systems overhead.

Measure Number: M4

Scale: (Unclassified)Percent

Description: (Unclassified)

Of military-disseminated information that describes close-hold friendly actions.

SN 5.1.5.1 Provide Emergency Action Procedures to CJCS/Combatant Commander (Unclassified)

Status: Joint Staff Coordination

Submitting Command: STRATCOM

Task Description: (Unclassified)

To develop, promulgate and utilize CJCS and combatant commander emergency action procedures (EAPs) and materials to perform highly structured command and control activities.

Task Note: This task includes LERTCON, NATO, and NORAD emergency action procedures in addition to nuclear command and control procedures.

Measures:

SN 5.4.3 Synchronize and Manage Global [Distribution](#) Operations (Unclassified)

Status: Joint Staff Coordination
Submitting Command: OUSD-P

Task Description: (Unclassified)

To arrange worldwide ~~sustainment~~distribution operations in time, space, and purpose to ensure the provision of forces, capabilities, and material to combatant commands in accordance with the national and multinational military strategy and the combatant commander's needs. ~~This task includes both the vertical and the horizontal integration of all activities. This task ensures that all joint and multinational resources are efficiently employed. It ensures that the sum of their effects worldwide is greater than the sum of their individual capabilities. This task includes providing oversights for sensitive activities; activities designed to emplace processes and/or systems to ensure propriety, legality, and accountability of sensitive activities.~~

Task Note: This task includes both the vertical and the horizontal integration of all activities. This task ensures that all joint and multinational resources are efficiently employed. It ensures that the sum of their effects worldwide is greater than the sum of their individual capabilities. This task includes providing oversights for sensitive activities; activities designed to emplace processes and/or systems to ensure propriety, legality, and accountability of sensitive activities. This task Includes the capability for optimized sustainment operations across and between interagency and multinational partners. As required and authorized, coordinate logistical cross-support processes with government, non-governmental, industry, and multinational sources operating in theater to optimize sustainment operations and provide sustainment support across and between sources. Lead execution of sustainment planning and execution when identified as the Lead Agency/Nation. Provide planning and operational support when acting in support. Coordinate, provide and maintain the optimum levels of logistics forces, materials and consumables necessary to support the Joint Force Commander's objectives.

Measures:

Measure Number: M1

Scale: (Unclassified)Hours

Description: (Unclassified)

To produce feasible Time-Phased Force and Deployment Data (TPFDD), after issuance of warning order.

Measure Number: M2

Scale: (Unclassified)Months

Description: (Unclassified)

To complete approved operation plan (OPLAN) with TPFDD on shelf, after issuance of Joint Strategic Capabilities Plan (JSCP).

Measure Number: M3

Scale: (Unclassified)Months

Description: (Unclassified)

To establish rotation policy.

Measure Number: M4

Scale: (Unclassified)Percent

Description: (Unclassified)

Of OPLANs, operation plan in concept format (CONPLANs), functional plan (FUNCPLANs) reviewed within last 24 months.

Measure Number: M5

Scale: (Unclassified)Percent

Description: (Unclassified)

Of TPFDD units arrive in accordance with (IAW) required delivery date (at destination) (RDD).

Measure Number: M6

Scale: (Unclassified)Instances

Description: (Unclassified)

Provide nuclear forces to combatant commands in accordance with military strategy.

Measure Number: M7

Scale: (Unclassified)Instances

Description: (Unclassified)

Provide nuclear forces to combatant commands in adequate amounts to integrate activities and ensure the efficient employment of nuclear forces.

SN 8.1.5 Conduct Foreign Humanitarian Assistance and Humanitarian and Civic Assistance
(Unclassified)

Status: Joint Staff Coordination

Submitting Command: OUSD-P

Task Description: (Unclassified)

To conduct assistance to relieve or reduce the results of natural or manmade disasters, including consequence management (CM), or other endemic conditions such as human pain, disease, hunger, or privation that might present a serious threat to life or that can result in great damage to or loss of property. ~~Foreign humanitarian assistance provided by US forces is generally limited in scope and duration. The foreign assistance provided is designed to supplement or complement the efforts of host-nation civil authorities or agencies that may have the primary responsibility for providing relief, dislocated civilian support, security, and technical assistance. Humanitarian and civic assistance (HCA) is a specific and distinct program, which is also included in this task. HCA generally includes activities such as medical, dental, and veterinary care; construction of rudimentary surface transportation systems; well drilling and construction of basic sanitation facilities; and rudimentary construction and repair of public facilities. HCA activities are authorized in legislation and are controlled in accordance with title 10, USC, section 401.~~

Task Note: Foreign humanitarian assistance provided by US forces is generally limited in scope and duration. [USAID's Office of Foreign Disaster Assistance \(OFDA\) is primarily responsible for implementing foreign humanitarian assistance programs.](#) The foreign assistance provided is designed to supplement or complement the efforts of host-nation civil authorities or agencies that may have the primary responsibility for providing relief, dislocated civilian support, security, and technical assistance. Humanitarian and civic assistance (HCA) is a specific and distinct program, which is also included in this task. HCA generally includes activities such as medical, dental, and veterinary care; construction of rudimentary surface transportation systems; well drilling and construction of basic sanitation facilities; and rudimentary construction and repair of public facilities. HCA activities are authorized in legislation and are controlled in accordance with title 10, USC, section 401.

Measures:

Measure Number: M1

Scale: (Unclassified)Hours

Description: (Unclassified)

To develop plan for providing assistance.

Measure Number: M2

Scale: (Unclassified)Days

Description: (Unclassified)

For military forces/supplies to arrive in theater.

Measure Number: M3

Scale: (Unclassified)Percent

Description: (Unclassified)

Of requested personnel, provided.

Measure Number: M4

Scale: (Unclassified)Percent

Description: (Unclassified)

Of requested supplies, provided.

Measure Number: M6

Scale: (Unclassified)Hours

Description: (Unclassified)

To provide initial feasibility analysis to supported combatant commander for commander's estimate.

Measure Number: M5

Scale: (Unclassified)Yes/No

Description: (Unclassified)

US Transportation Command (USTRANSCOM) provides initial feasibility analysis not later than (NLT) the time coordinated with the supported combatant commander.

Measure Number: M7

Scale: (Unclassified)Percent

Description: (Unclassified)

Of supported nation movement requirements transported to meet their latest arrival date at port of debarkation (LAD) or time lines.

ST 5.3.1 Conduct Strategic Estimates (Unclassified)

Status: Joint Staff Coordination

Submitting Command: JFCOM

Task Description: (Unclassified)

To develop and modify strategic estimates based on assigned missions. Estimates are developed in light of and after reviewing the theater strategic environment, the various threats, the nature of anticipated operations, national and multinational strategic direction, and forces available.

Functionally oriented combatant commanders develop strategic estimates for each theater they support. Operations in one theater often affect other theaters. The interrelationships among theaters, therefore, are important in the assessment of a theater's strategic environment and development of the strategic estimate. The strategic estimate itself acts as the basis for combatant command strategy, plans, and actions that occur in response to deliberate taskings or crises. The combatant commander's strategic estimate results in strategic concepts and courses of action-broad statements of what is to be accomplished. One of the critical parts of the estimate process is defining the strategic end state and effects to be achieved.

Task Note:

Measures:

Measure Number: M1

Scale: (Unclassified)Days

Description: (Unclassified)

To develop theater strategic estimate (after receipt of Joint Strategic Capabilities Plan (JSCP)).

Measure Number: M2

Scale: (Unclassified)Days

Description: (Unclassified)

To produce a combatant commander-approved strategic estimate (after receipt of Joint Strategy Review (JSR) instructions).

Measure Number: M3

Scale: (Unclassified)Days

Description: (Unclassified)

To obtain commitment to provide support for Allies (after receipt of request).

Measure Number: M4

Scale: (Unclassified)Hours

Description: (Unclassified)

To complete strategic estimate (after convening operational planning team (OPT)).

Measure Number: M5

Scale: (Unclassified)Hours

Description: (Unclassified)

To produce initial strategic estimate (after convening OPT during crisis).

Measure Number: M6

Scale: (Unclassified)Percent

Description: (Unclassified)

Of critical intelligence reports and theater related intelligence estimates reviewed prior to mission analysis/end state assessment.

Measure Number: M7

Scale: (Unclassified)Percent

Description: (Unclassified)

Of available planning time allowed for subordinate planning (after selecting COA).

Measure Number: M8

Scale: (Unclassified)Weeks

Description: (Unclassified)

To approve theater strategic estimate (after receipt of JSCP).

Measure Number: M9

Scale: (Unclassified)Days

Description: (Unclassified)

Provide a comprehensive description of how the use of nuclear weapons can be used to achieve the desired strategic end state at the level of understanding of the decision maker.

ST 5.3.2 Develop Theater Strategic Concepts (Unclassified)

Status: Joint Staff Coordination

Submitting Command: JFCOM

Task Description: (Unclassified)

To develop the collective strategic concepts directed toward securing the objectives of national and multinational policy. Such concepts can be for the use of force or threatened use of force within the theater. Theater strategic concepts included in the strategy are statements of what, where, and how operations are to be conducted in broad, flexible terms. Theater strategic concepts must relate ends, ways, and means, end state, objectives, efforts, tasks and actions to consider assigned objectives, the threat, and opportunities available in light of available resources. Included is an examination of risks

involved in each proposed course of action. In the theater strategy, geographic combatant commanders translate the strategic direction contained within the national strategy into theater strategy and subsequent plans.

Task Note: This task includes an examination of risks involved in each proposed course of action. In the theater strategy, geographic combatant commanders translate the strategic direction contained within the national strategy into theater strategy and subsequent plans.

Measures:

Measure Number: M1

Scale: (Unclassified)Days

Description: (Unclassified)

To publish planning guidance (after receipt of mission).

Measure Number: M2

Scale: (Unclassified)Days

Description: (Unclassified)

To submit courses of action (COAs), in crisis or wartime, after receipt of national military strategic direction.

Measure Number: M3

Scale: (Unclassified)Deleted

Description: (Unclassified)

Deleted

Measure Number: M4

Scale: (Unclassified)Instances

Description: (Unclassified)

Of Chairman of the Joint Chiefs of Staff (CJCS) rejection of combatant commander's recommended strategy.

Measure Number: M5

Scale: (Unclassified)Months

Description: (Unclassified)

To complete combatant commander's strategic concept (after receipt of Joint Strategic Capabilities Plan (JSCP)).

Measure Number: M6

Scale: (Unclassified)Percent

Description: (Unclassified)

Of accepted COAs have feasible alternatives.

Measure Number: M7

Scale: (Unclassified)Percent

Description: (Unclassified)

Of COAs currently developed in accordance with (IAW) JSCP requirement.

Measure Number: M8

Scale: (Unclassified)Percent

Description: (Unclassified)

Of comparison criteria eliminated before comparison is redundant.

Measure Number: M9

Scale: (Unclassified)Percent

Description: (Unclassified)

Of comparison criteria used, defined or weighted before comparison began.

Measure Number: M10

Scale: (Unclassified)Percent

Description: (Unclassified)

Of flexible deterrent options (FDOs) have adequate follow-on forces.

Measure Number: M11

Scale: (Unclassified)Percent

Description: (Unclassified)

Of functional areas covered by guidance.

Measure Number: M12

Scale: (Unclassified)Percent

Description: (Unclassified)

Of selected COAs have CJCS concurrence.

Measure Number: M13

Scale: (Unclassified)Percent

Description: (Unclassified)

Of shortfall after comparing requirements and assets estimated to be available during JSCP period.

ST 5.3.4 Prepare and Coordinate Theater Strategy, Campaign Plans or Operation Plans, and Orders
(Unclassified)

Status: Joint Staff Coordination

Submitting Command: JFCOM

Task Description: (Unclassified)

To develop a plan or order that promulgates the theater strategic concept and intent of the geographic combatant commander and Presidential and SecDef national military strategy (and multinational military strategy where appropriate) and plans. This task includes coordinating component command supporting plans and obtaining Presidential and Secretary of Defense (SecDef), Chairman of the Joint Chiefs of Staff (CJCS), and multinational (as appropriate) approval of the plans and orders. Further, it involves developing for the President and Secretary of Defense and Chairman of the Joint Chiefs of Staff a menu of preplanned options from which to choose, across a wide range of crises. Plans are developed in conjunction with the components, the Joint Staff, the Services, allies, and coalition partners.

Task Note: [This task includes coordination with other combatant commands \(including tasks by or for supported or supporting combatant commanders\), ambassadors \(and Country Teams\), leaders of supported nations, and other US agencies. Effects-based plans and orders include rules of engagement \(ROE\) and other restrictions and constraints. This task includes coordinating host nation \(HN\) support.](#) See ST 8.5, "Coordinate and Integrate Regional Interagency Activities," for coordination with other US agencies. See ST 8.3.3, "Arrange Sustainment Support for Theater Forces," for obtaining HN support.

Measures:

Measure Number: M1

Scale: (Unclassified)Days

Description: (Unclassified)

To submit COAs (after receipt of national strategic direction).

Measure Number: M2

Scale: (Unclassified)Hours

Description: (Unclassified)

To develop and provide strategic options (after combatant commander receives warning order).

Measure Number: M3

Scale: (Unclassified)Hours

Description: (Unclassified)

To submit operation order for approval (after receipt of Planning Guidance).

Measure Number: M4

Scale: (Unclassified)Months

Description: (Unclassified)

To submit operation plan (OPLAN) for approval (after receipt of letter of instruction (LOI) for plan development).

Measure Number: M5

Scale: (Unclassified)Percent

Description: (Unclassified)

Of anticipated mortuary requirements (e.g., collection points, field processing centers, US cemeteries in theater) addressed in planning.

Measure Number: M6

Scale: (Unclassified)Percent

Description: (Unclassified)

Of COAs developed deemed executable by CJCS or SecDef.

Measure Number: M7

Scale: (Unclassified)Percent

Description: (Unclassified)

Of critical command, control, communications, computers, and intelligence (C4I) architecture nodes identified in planning.

Measure Number: M8

Scale: (Unclassified)Percent

Description: (Unclassified)

Of existing terminals and lines of communications and known or estimated throughput capability, addressed during planning.

Measure Number: M9

Scale: (Unclassified)Percent

Description: (Unclassified)

Of local customs, laws, and policies impacting presence of media, addressed in planning.

Measure Number: M10

Scale: (Unclassified)Percent

Description: (Unclassified)

Of logistic support responsibilities allocated to Service components and other commands during planning.

Measure Number: M11

Scale: (Unclassified)Percent

Description: (Unclassified)

Of operation plans and orders receiving a legal review for compliance with ROE, US/international law, and the Law of Armed Conflict.

Measure Number: M12

Scale: (Unclassified)Percent

Description: (Unclassified)

Of pre-positioned war reserve materiel (WRM) required to support Time-Phased Force and Deployment Data (TPFDD) pending resupply.

Measure Number: M13

Scale: (Unclassified)Percent

Description: (Unclassified)

Of RC personnel backfill requirements for continental United States (CONUS) & outside the continental United States (OCONUS), identified in planning.

Measure Number: M14

Scale: (Unclassified)Percent

Description: (Unclassified)

Of reserve personnel designated to move the force (i.e., Air Mobility Command (AMC), Military Traffic Management Command (MTMC), Military Sealift Command (MSC) and headquarters (HQ) US Transportation Command (USTRANSCOM)), addressed in planning.

Measure Number: M15

Scale: (Unclassified)Percent

Description: (Unclassified)

Of reserve personnel designated to support the force, (e.g., medical, dental, security, mob station staff), identified in planning.

Measure Number: M16

Scale: (Unclassified)Percent

Description: (Unclassified)

Of unit requirements in OPLAN sourced without dual apportionment.

Measure Number: M17

Scale: (Unclassified)Percent

Description: (Unclassified)

Of mission area requirements addressed in planning.

ST 7.1.5 Determine Theater Warfighting Needs, Solutions, and Concepts (Unclassified)

Status: Joint Staff Coordination

Submitting Command: undefined

Task Description: (Unclassified)

To analyze the theater to determine requirements for improved capabilities in doctrine, training, leader development, organizations, and materiel, and make recommendations for solutions. This task also includes and is based upon development of warfighting and other concepts. This task further involves reporting requirements and recommendations to the Joint Requirements Oversight Council (JROC), Chairman of the Joint Chiefs of Staff, and multinational authorities for force development. This task includes exercise and evaluation of proposed solutions and concepts.

Task Note: Concepts developed in ST 5.3, "Determine Strategic Direction," provide the basis for the conduct of this task.

Measures:

Measure Number: M1

Scale: (Unclassified)Percent

Description: (Unclassified)

Of proposed new concepts, accepted by Chairman of the Joint Chiefs of Staff (CJCS) and Services.

Measure Number: M2

Scale: (Unclassified)Weeks

Description: (Unclassified)

To develop and provide concepts, requirements, or recommendations to CJCS.

Measure Number: M3

Scale: (Unclassified)Weeks

Description: (Unclassified)

To identify theater needs and submit to CJCS for integration with other research & development (R&D) requirements.

Measure Number: M4

Scale: (Unclassified)Weeks

Description: (Unclassified)

To develop and submit mission needs statement.

Measure Number: M5

Scale: (Unclassified)Days

Description: (Unclassified)

To develop and submit mission needs statement for quick reaction response.

Measure Number: M6

Scale: (Unclassified)Percent

Description: (Unclassified)

Of mission needs statements, accepted by JROC substantially as submitted.

Measure Number: M7

Scale: (Unclassified)Percent

Description: (Unclassified)

Of personnel constraints/shortfalls that have alternatives.

Measure Number: M8

Scale: (Unclassified)Percent

Description: (Unclassified)

Of changes to joint, combined or multinational doctrine originate in theater.

Measure Number: M9

Scale: (Unclassified)Percent

Description: (Unclassified)

Of changes to organization, developed in theater.

Measure Number: M10

Scale: (Unclassified)Months

Description: (Unclassified)

For combatant command to develop and provide Mission Needs Statement to CJCS (after identification of requirement).

Measure Number: M11

Scale: (Unclassified)Months

Description: (Unclassified)

For combatant command update to theater list of needs and solutions.

Measure Number: M12

Scale: (Unclassified)Percent

Description: (Unclassified)

Of new concepts tested in theater by exercises.

Measure Number: M13

Scale: (Unclassified)Semi-annually

Description: (Unclassified)

Participate in JROC process.

Measure Number: M14

Scale: (Unclassified)Semi-annually

Description: (Unclassified)

Participate in Joint Warfighting Capabilities Assessment (FCB) to improve warfighting effectiveness with an emphasis on assuring interoperability.

Measure Number: M15

Scale: (Unclassified)As required

Description: (Unclassified)

Prepare Integrated Priority List (IPL).

Measure Number: M16

Scale: (Unclassified)As required

Description: (Unclassified)

Participate in all phases of the Planning, Programming, and Budgeting System (PPBS) to ensure theater requirements are addressed.

OP 1.2.4 Conduct Operations in Depth (Unclassified)

Status: Joint Staff Coordination

Submitting Command: SJFHQ (CE)

Task Description: (Unclassified)

To conduct various types of operations to operational depths in achieving a position of advantage for the defeat or neutralization of enemy operational forces in order to accomplish operational or strategic objectives.

Task Note: This task includes conventional forces and special operations forces (SOF). This task can accommodate various types of operational maneuver, offensive or defensive. In Operation DESERT STORM against Iraq, there were several examples of OP 1.2.4, namely: the airpower phase of the campaign; the "Hail Mary" turning movement against the Republican Guard; and the US Marine Corps and multinational penetration in the east toward Kuwait.

Measures:

Measure Number: M1

Scale: (Unclassified)Percent

Description: (Unclassified)

Of enemy forces and materiel destroyed or disrupted by friendly force offensive action.

Measure Number: M2

Scale: (Unclassified)Percent

Description: (Unclassified)

Of enemy lines of communications (LOC) capacity degraded by friendly force offensive operations.

Measure Number: M3

Scale: (Unclassified)Tons

Description: (Unclassified)

Of enemy logistics flow reduced by friendly offensive operations, compared to prior to attack.

Measure Number: M4

Scale: (Unclassified)Percent

Description: (Unclassified)

Of enemy surrender (and desert) per day (after attack in depth).

Measure Number: M5

Scale: (Unclassified)Instances

Description: (Unclassified)

Of operations branches formerly closed to friendly forces as options opened (now feasible or acceptable).

Measure Number: M6

Scale: (Unclassified)Instances

Description: (Unclassified)

Of operations branches formerly open to enemy as options closed (no longer feasible, suitable or acceptable).

Measure Number: M7

Scale: (Unclassified)Percent

Description: (Unclassified)

Of enemy force interdicted sufficiently to allow friendly control of timing and tempo of campaign or major operation.

Measure Number: M8

Scale: (Unclassified)Percent

Description: (Unclassified)
Of enemy force operationally isolated.

Measure Number: M9

Scale: (Unclassified)Percent

Description: (Unclassified)
Of enemy forces and materiel diverted from offensive to defensive action.

Measure Number: M10

Scale: (Unclassified)Percent

Description: (Unclassified)
Of enemy forces isolated by joint force maneuver operation.

Measure Number: M11

Scale: (Unclassified)Percent

Description: (Unclassified)
Of enemy ground forces cut off from combat zone by joint force maneuver operation.

Measure Number: M12

Scale: (Unclassified)Percent

Description: (Unclassified)
Reduction in volume of enemy signals throughout joint operations area (JOA).

OP 2.1.5 Manage Operational Intelligence, Surveillance and Reconnaissance Capabilities
(Unclassified)

Status: Joint Staff Coordination

Submitting Command: STRATCOM

Task Description: (Unclassified)

To manage (including planning, integrating, coordinating, and tasking recommendations) operational and tactical aspects of DoD Intelligence, Surveillance, and Reconnaissance (ISR) activities in support of strategic and global operations.

Task Note: Operational integration includes integrating intelligence community (IC) and DoD ISR actions for all combatant commands and facilitating the integration of ISR capabilities into combatant command planning. Operational synchronization includes synchronizing DoD ISR collection with those activities involving national ISR resources; ensuring DoD objectives are met and actions are properly sequenced.

Measures:

Measure Number: M1

Scale: (Unclassified)

Description: (Unclassified)
Develop, coordinate and maintain an integrated ISR Concept of Operations (CONOPS)

Measure Number: M2

Scale: (Unclassified)

Description: (Unclassified)

In coordination with JFCC SGS, integrate ISR capabilities into Intelligence Campaign Plans to synchronize ISR support of strategic and global operations by Combatant Commanders

Measure Number: M3

Scale: (Unclassified)

Description: (Unclassified)

Develop Courses of Action (COAs) recommendations to identify and / or mitigate risks and gaps in support of functional and geographic combatant commander requirements.

OP 5.1.4 Maintain Operational Information and Force Status (Unclassified)

Status: Joint Staff Coordination

Submitting Command: OSD JLOG/PE

Task Description: (Unclassified)

To screen, process, circulate, store, and display operational data in a form suitable for the decision making and planning processes of the joint force commander (JFC) and staff. The purpose is to enable execution functions of subordinate task forces and components and for supporting other US government agencies, friendly nations, and groups in the region.

Task Note: [This task includes tracking the movement of friendly forces into and within the joint operations area.](#) This task also includes maintaining logistics situational awareness information, data and status.

Measures:

Measure Number: M1

Scale: (Unclassified)Hours

Description: (Unclassified)

Lag between joint force common operational picture and real world situation.

Measure Number: M2

Scale: (Unclassified)Instances

Description: (Unclassified)

Of incoming information (which could affect outcome of operation) not getting to person responsible for action.

Measure Number: M3

Scale: (Unclassified)Instances

Description: (Unclassified)

Of critical information not reaching person responsible for action.

Measure Number: M4

Scale: (Unclassified)Minutes

Description: (Unclassified)

To post unit reports to appropriate databases or pass to work centers (from receipt).

Measure Number: M5

Scale: (Unclassified)Minutes

Description: (Unclassified)

To access and display shared remote databases.

Measure Number: M6

Scale: (Unclassified)Minutes

Description: (Unclassified)

To enter most current information on force status.

Measure Number: M7

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of information on essential logistics, maintenance, aircraft, missile and personnel requirements and reports.

Measure Number: M8

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of information on deployment bases and deployment options.

Measure Number: M9

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of information regarding subordinate unit deployments.

Measure Number: M10

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of intelligence situation displays maintained with mission-essential information.

Measure Number: M11

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of mission-essential information maintained on situation displays.

Measure Number: M12

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of data used by operations staff.

Measure Number: M13

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of subordinate unit aircraft and missile status.

Measure Number: M14

Scale: (Unclassified)Percent

Description: (Unclassified)

Of decisions delayed awaiting appropriate data.

Measure Number: M15

Scale: (Unclassified)Percent

Description: (Unclassified)

Of friendly units/organizations and personnel with current status known.

Measure Number: M16

Scale: (Unclassified)Percent

Description: (Unclassified)

Of information gets to appropriate people.

Measure Number: M17

Scale: (Unclassified)Percent

Description: (Unclassified)

Of time, data presented to decision maker in suitable format.

Measure Number: M18

Scale: (Unclassified)Percent

Description: (Unclassified)

Of operational data displays are current.

Measure Number: M19

Scale: (Unclassified)Percent

Description: (Unclassified)

Of reinforcing or supporting forces, JFC has accurate information.

Measure Number: M20

Scale: (Unclassified)Percent

Description: (Unclassified)

Of reports processed and disseminated to all agencies within time limits.

Measure Number: M21

Scale: (Unclassified)Percent

Description: (Unclassified)

Of reports with no significant errors.

Measure Number: M22

Scale: (Unclassified)Percent

Description: (Unclassified)

Accuracy of information in essential logistics, maintenance, aircraft, missile and personnel reports.

Measure Number: M23

Scale: (Unclassified)Seconds

Description: (Unclassified)

To access and display shared local databases.

Measure Number: M24

Scale: (Unclassified)Yes/No

Description: (Unclassified)

Demonstrate the ability to manage and process reports to keep Strategic Force AccountingModule (SFAM) current.

Measure Number: M25

Scale: (Unclassified)Minutes

Description: (Unclassified)

To transmit SFAM reports after an event or when changes occur.

Measure Number: M26

Scale: (Unclassified)Time

Description: (Unclassified)

For reconnaissance aircraft to submit Nuclear Execution and Reporting Plan (NEREP) reconnaissance assessment reports after observations, when in range of National Security Agency/Central Security Service (NSA/CSS) ground facilities.

OP 5.2 Assess Operational Situation (Unclassified)

Status: Joint Staff Coordination

Submitting Command: SJFHQ(CE)

Task Description: (Unclassified)

To evaluate information received through reports or the personal observations of the commander (commander's critical information requirements) on the general situation in the theater of operation and conduct of the campaign or major operation. In particular, this activity includes deciding whether different actions are required from those that would result from the most recent orders issued. This includes evaluating operational requirements of subordinate task forces and components.

Task Note:

Measures:

Measure Number: M1

Scale: (Unclassified)Hours

Description: (Unclassified)

For joint force to review or develop flexible deterrent options (after request or occurrence).

Measure Number: M2

Scale: (Unclassified)Hours

Description: (Unclassified)
Since update of joint force situation.

Measure Number: M3
Scale: (Unclassified)Minutes
Description: (Unclassified)
For commander to forward and disseminate crisis assessment.

Measure Number: M4
Scale: (Unclassified)Minutes
Description: (Unclassified)
To access current situation and formulate plan of action.

Measure Number: M5
Scale: (Unclassified)Percent
Description: (Unclassified)
Of enemy actions or operations forecast.

Measure Number: M6
Scale: (Unclassified)Instances
Description: (Unclassified)
Of time commander/senior staff made aware of emerging political, economic, or military event (which could impact theater) from outside source.

Measure Number: M7
Scale: (Unclassified)Percent
Description: (Unclassified)
Of time theater political event of interest occurs without options available.

Measure Number: M8
Scale: (Unclassified)Hours
Description: (Unclassified)
For commander to formulate crisis assessment.

Measure Number: M9
Scale: (Unclassified)Weeks
Description: (Unclassified)
Before operation plan (OPLAN) submitted, joint force commander (JFC) develops flexible deterrent option(s) (FDOs).

OP 5.6.5 Provide Computer Network Attack Capability (Unclassified)

Status: Joint Staff Coordination

Submitting Command: STRATCOM

Task Description: (Unclassified)
To plan (including coordination, integration, and synchronization), initiate, and direct activities and operations associated with computer network attack (CNA) operations at the operational and tactical

levels of war.

Task Note: CNA operations; mutually supported by intelligence, are conducted to disrupt, deny, degrade, or destroy information resident in computers and computer networks, or the computers and networks themselves. CNA capabilities should be evaluated for application in both offensive and defensive IO, and support to kinetic strike.

Measures:

Measure Number: M1

Scale: (Unclassified)

Description: (Unclassified)

Provide CNA content for the integrated network warfare Concept of Operations (CONOPS) developed, coordinated and maintained by JFCC NW.

Measure Number: M2

Scale: (Unclassified)

Description: (Unclassified)

Provide CNA content for the network warfare campaign plans to support Combatant Command mission objectives; including integration with supporting operational and tactical level plans, such as OPLANs, CONPLANs, FUNCPLANs, and SUPPLANs as directed by headquarters.

Measure Number: M3

Scale: (Unclassified)

Description: (Unclassified)

Develop Course of Action (COA) recommendations for CNA operations in support of Combatant Command and national strategic objectives.

OP 5.7.9 Provide Interagency Support (Unclassified)

Status: Joint Staff Coordination

Submitting Command: CAC

Task Description: (Unclassified)

Military operations must be synchronized with those of other agencies of the US Government (USG) as well as with foreign forces, nongovernmental and private voluntary organizations, and regional and international organizations. The roles and relationships among all participating agencies must be clearly understood. Success will depend to a large extent on the ability to blend and engage all elements of national power.

Task Note:

TA 5.6.1 Provide Operations Security (OPSEC) (Unclassified)

Status: Joint Staff Coordination

Submitting Command: CAC/JTRAT

Task Description: (Unclassified)

To provide OPSEC measures to deny critical information necessary for an adversary to accurately estimate the military situation.

Task Note:

Measures:

Measure Number: M1

Scale: (Unclassified)undefined

Description: (Unclassified)

Was an AATF stood up and placed under command of a single headquarters?

Measure Number: M2

Scale: (Unclassified)undefined

Description: (Unclassified)

Were essential C2, communication, and computer systems accessible by all units of the AATF?

Measure Number: M3

Scale: (Unclassified)undefined

Description: (Unclassified)

Did AATF leaders assure that the use of NBC weapons within ground tactical units' areas of operations could be detected?

Measure Number: M4

Scale: (Unclassified)undefined

Description: (Unclassified)

Did the AATF include infantry, attack helicopter, fire support, electronic warfare and logistic assets?

Measure Number: M5

Scale: (Unclassified)undefined

Description: (Unclassified)

Were airlift assets in direct support of the ground combat unit?

Measure Number: M6

Scale: (Unclassified)undefined

Description: (Unclassified)

Were communications systems consistently dependable or were they degraded due to interoperability issues?

Measure Number: M7

Scale: (Unclassified)undefined

Description: (Unclassified)

Were processes available to protect electronic systems from exploitation and attack?

Measure Number: M8

Scale: (Unclassified)undefined

Description: (Unclassified)

Was the ground assault force airlifted to designated areas of operation as scheduled?

Measure Number: M9

Scale: (Unclassified)undefined

Description: (Unclassified)

Did AATF leaders include provisions for medical evacuating of casualties?

Measure Number: M10

Scale: (Unclassified)undefined

Description: (Unclassified)

Did the AATF include a special operations C2 element to accompany the assault force?

TA 5.6.3 Conduct Military Deception (Unclassified)

Status: Joint Staff Coordination

Submitting Command: CAC/JTRAT

Task Description: (Unclassified)

To deliberately mislead adversary military decision makers as to friendly military capabilities, intentions and operations, thereby causing the adversary to take specific actions (or inactions) that will contribute to the accomplishment of the friendly mission.

Task Note: This task includes those measures designed to mislead the enemy by manipulation, distortion, or falsification of evidence to induce the enemy to react in a manner prejudicial to the enemy's interests.

Measures:

Measure Number: M1

Scale: (Unclassified)undefined

Description: (Unclassified)

Was an AATF stood up and placed under command of a single headquarters?

Measure Number: M2

Scale: (Unclassified)undefined

Description: (Unclassified)

Were essential C2, communication, and computer systems accessible by all units of the AATF?
